September 7, 2021

5<sup>th</sup> Annual Industrial Summit Announcement:

Our planning committee has been working diligently towards the exciting goal of an in-person Industrial Summit event, and the team will continue to do so for the next few months as it has been decided that it would be best for all that we postpone until the Spring of 2022.

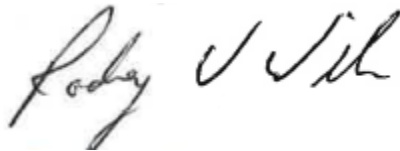

This additional time will allow all participants the opportunity to ensure they are comfortable traveling and gathering. It will also allow our sponsors and exhibitors to ensure they meet changing organizational, city, and state guidelines related to Covid uncertainties.

We are extremely thankful for all that have committed to helping make our event a success and for your understanding as we make this difficult decision.

We look forward to our continued collaboration, and even more fulfilling event in Spring of 2022.

Board Members will be reaching out to our collaborators and sponsors to determine a firm date before our next Quarterly meeting.

Warm regards,

A handwritten signature in black ink, appearing to read "Rodney Wilson".
